

## PUBLIC NOTICE

Having assessed the applications to the Master's Degree in Management and Industrial Strategy (2nd phase), according to the previously established criteria, the coordinating commission of the Master's Degree programme hereby publishes the ranked list of the accepted applications, the rejected applications, as well as the applications that will be transferred to the third phase, thus complying with the provisions of number 6) of the Decision No. 65N/P/2014 of the President of ISEG, 18 December.

As all the candidates were considered one by one, the final score classifications attributed to the candidates admitted, as well as the decisions to reject and transition some candidates to the 3rd phase, resulted from the vote of the members of the coordinating committee, constituted as a jury.

### Accepted applications

NAME	Score
André Lopes Oliveira	13,1

## **Annex**

### **Admission and Seriation Criteria for Students applying to the Master in Management and Industrial Strategy**

#### **Prerequisites**

1st cycle higher education students with less than 4 Curricular Units in arrears. Or with less than 2 CUs in arrears from years prior to the 3rd year.

2nd or 3rd cycle higher education students.

#### **Calculation of the scores**

1. The ranking is made on the basis of the *application mark* that will be calculated by the process described below. It only applies to students who fulfill the prerequisites.
2. Weighted average with the following components; 1st cycle average 20%, School and Nature of Course, 30%, Professional Experience, 30%, Other academic or professional training, 10%; Actions or participations that reveal: initiative; entrepreneurship, leadership, team integration; social responsibility, 10%
