

As part of the collaboration programme between Universidade de Lisboa and Universidade Federal Fluminense, students registered in the Economics degree at ISEG-UL and the Economics faculty of UFF can obtain a dual degree by participating in the Programa Internacional de Dupla Diplomação de Graduação (PIDDG).

To participate, ISEG's students must have completed with success the curricular plan of the first two years of the undergraduate degree (i.e. completed 2/3 of total ECTS) and attend to the additional criteria described in the protocol rules and regulation (enclosed in this page).

For more information, please contact ISEG's International Mobility Office: imo@iseg.ulisboa.pt
