Masters *in* **Monetary** *and* **Financial** **Economics**

*Open minds
for a better world*

Located in the center of Lisbon, ISEG has a long tradition and experience in research and teaching in **Economics and in Finance**. The **MASTERS IN MONETARY AND FINANCIAL ECONOMICS** is intended to complement and to deepen a Bachelor's in Economics or Finance. Students learn how to analyse problems in a rigorous and constructive way, and to use advanced empirical and theoretical tools in Economics and Finance.

7 reasons why Masters in Monetary and Financial Economics @ISEG Lisbon

01

Prepares senior staff in monetary and financial institutions linked to financing of the economy and to monetary policy issues.

04

Classes with around 1/3 international students.

06

An acceptance rate of around 25% of the applications.

02

A successful history of more than 25 years.

05

Intermediate step to obtain a PhD in the areas of Economics and Finance.

07

Several peer reviewed journal publications arising from the Master dissertations.

03

Employers especially recognize to MEMF graduates a strong background in econometrics and quantitative methods, competence in macroeconomics and monetary economics, and a large capacity to face new challenges.

"The Masters in Monetary and Financial Economics was a valuable experience in my academic career. The programme is organised in such a way as to provide a broad knowledge of Economics and Finance. Being mainly a theoretical degree, it is challenging and requires a lot of dedication. For international students, one of the key features of the degree in my opinion was the outstanding support provided by the professors, coordinators, and colleagues through the duration of my studies"
