INSTITUTIONAL INFORMATION

With tradition and history, the Ritsumeikan Trust opened APU in April 2000 as the first genuine international university in Japan.

The APU campus is a truly multicultural and multilingual environment with nearly half of the student population made up of international students from around the world and an equally diverse faculty.

Our campus is in Beppu City, which is located in the southern part of Japan and is one of the country's most famous hot spring resorts, attracting tourists from Japan and abroad.

All one semester exchange students will be given a 1 year student visa even if the study period is for 1 semester only. For one year exchange students, a 1 year and 3 months visa will be given. Employment Regulations:

Students are required to file for a "Work Permit" to the Immigration Bureau before getting a job and participate in activities other than studying. This form is available at the Student Office (APU). Students can apply for a Work Permit after receiving their Residence Card. It may take about two weeks.
