About Rotterdam

Rotterdam is a young, dynamic, international city with a passionately beating heart. The city keeps reinventing itself at a rapid pace, redefining and expanding its already impressive skyline every time you visit and presenting new cultural and sporting events to surprise and delight you. As one of the world's largest commercial ports and a centre of commerce and services, Rotterdam offers unlimited opportunities and possibilities. The city is aptly called the 'Gateway to Europe' because of its favourable location, good infrastructure and well-developed transport network that provides access to the rest of Europe by road, rail, air and sea. You can travel to other major Dutch cities such as Amsterdam or The Hague by car or train within less than an hour. It takes only a little longer to get to Brussels, London, Paris or Berlin. You can fly from Rotterdam Airport

to major cities in Europe and, from Amsterdam Airport Schiphol, to any place in the world.
