

UNDERGRADUATE DEGREE IN FINANCE

Due to the recent curricular plan restructuring of the undergraduate degree in Finance, the pre-approved recognition table for international mobilities 2026/2027 underwent some changes in ISEG's course units listed on the previous table. The list below includes foreign curricular units recognized for the groups of mandatory curricular units and conditional elective curricular units. Free electives may be also proposed. Please note that if the agreements are new or very recent, there may not yet be a record of equivalencies, as the first students to attend new partner schools will feed the table in the future.

Legenda:

NA - Not applicable. Non-European country, without ECTS credit system or pre-defined ECTS equivalency. ECTS will be recognized by converting the workload of each foreign course unit.

Subparagraphs a) to b): Set of foreign course units for recognition of one mandatory course unit at ISEG.

* obrigatória a participação no Seminário CFA Society, 1º semestre no ISEG.

Notes: According to the current Regulations, the number of credits of course units chosen in the Foreign Receiving Institution must, whenever possible, be equal or higher than the number of credits of ISEG course units.

The number of credits for each proposed foreign course unit must be at least 80% of the total number of credits of ISEG course unit.

If a foreign course unit does not meet the above mentioned minimum credits requirement, it may be combined with another, for recognition of a single ISEG course unit.
