Ready to get to know ISEG?

ISEG is not just a School. We are in our 114th year and continue to reflect and mature, from half-past eight in the morning to midnight, be it during a finance lecture in the morning, or drinking a coffee, or having lunch at the kiosk. Or it could be when strolling around the Madragoa neighbourhood in Santos, and, indeed, the whole city of Lisbon, or doing an “all-nighter” in the Library with your study group or to revise for an upcoming test. Many say we have the best academic environment in Lisbon, which we do not deny!

At ISEG you'll build lifelong friendships with fellow students who share your passions and interests and help expand your perspectives on the world. If you want to broaden your student life by being involved in extracurricular activities, cultural events, or sports, then you're at the right place to expand your world.
